

How to join a BAAPT webinar

1 RSVP...

using the link provided in the event information on *baapt.org*. This will connect you to **Eventbrite** and let us know you've signed up. If you're not a BAAPT member, this is also where you will pay the webinar fee. Alternatively, click on  in the email invitation you received from us.

2 Read the instructions we'll email you.

We use *GoToMeeting.com* to broadcast our webinars. A few days before the webinar event, the BAAPT Program Director will email you instructions on how to connect to the webinar. The email will include a URL link to register for the webinar. It will look something like this:

<https://www2.gotomeeting.com/register/000000000>

Clicking on the  button in the email will accomplish the same thing. Keep track of this email as you'll need the information in it to join the webinar later.

3 Connect @ *GoToMeeting*.

On the day of the event, it's a good idea to get "connected" 10-15 minutes before the webinar begins. This will allow time to familiarize yourself with the *GoToWebinar* environment. Just click on the link in your registration email and follow the directions. The moderator of the webinar will be "online" shortly before the presenter actually starts, and will be available to help you troubleshoot any issue you might have.
